

Beverly Bartle presently teaches and trains at The Stables. The Stables offer full service boarding (stall and pasture). There is a large outdoor arena (secure panel fencing) with a small jumping course and indoor (standard size arena with rubber chip footing). The training services allow horses to be brought to the stable (lessons or full board) for breaking, training and schooling. The Stables currently provide lessons in dressage and jumping. Riders are currently competing in dressage shows as well as local hunter jumper shows.
